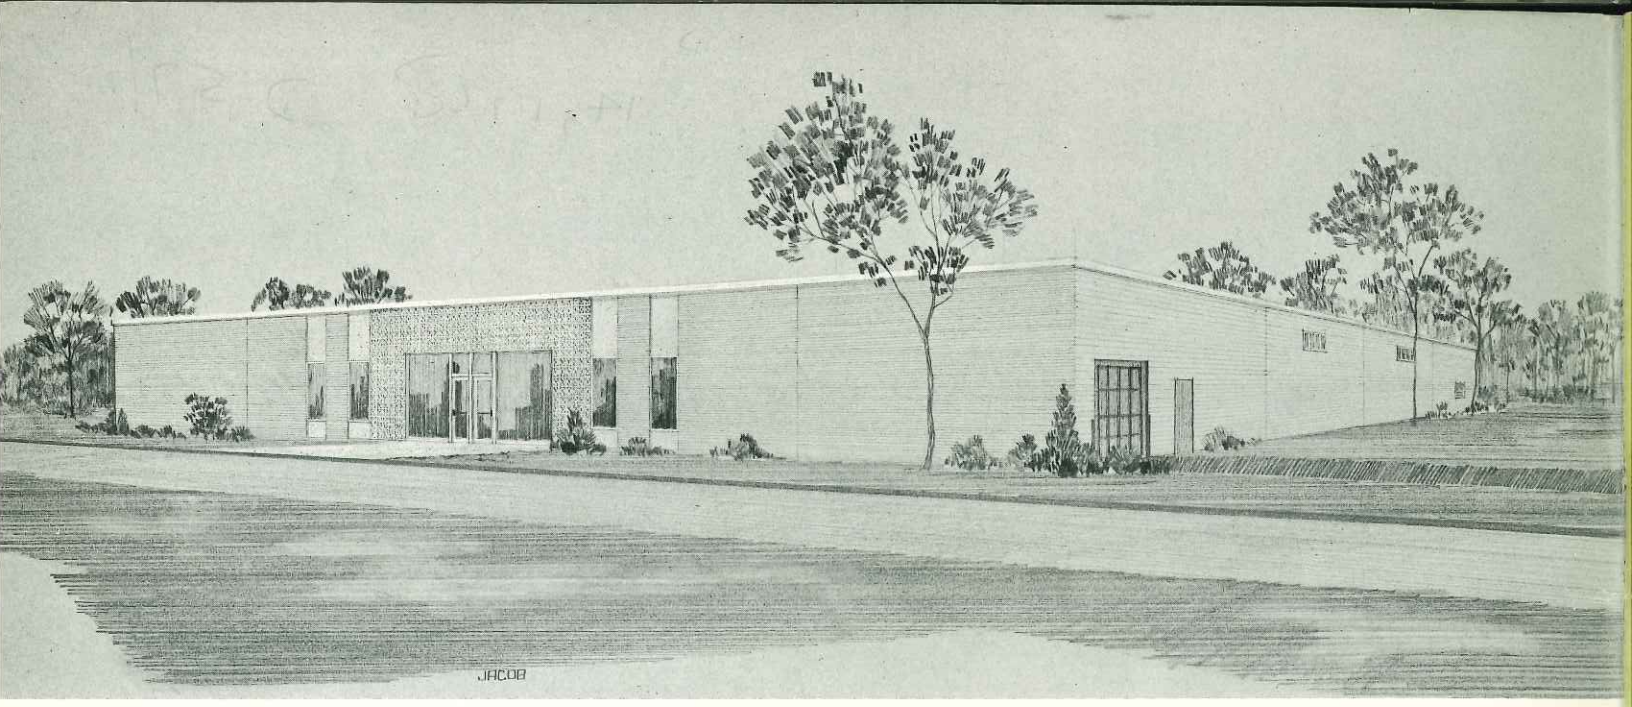
OPTICAL SUNDRIES



We, and the predecessors of Selsi, have been in the optical business since 1854. During this time we have experienced a continuous growth and warm business relationship which was only made possible by your continued faith and support of our quality products. For this support we are most appreciative.

Now we are pleased to announce that we have moved to our new home. We have had constructed a new building offering much larger quarters. This change will enable us to serve you better. The modern facilities will permit us to keep better stocks and make faster shipments. In keeping with our past policy we shall continue to serve you with the finest optical products available.

Our staff, both here and abroad, takes special pride in selecting fine optical products. We hope you will share some of this excitement as you examine the various listings contained in these pages.

SELSI ASTRONOMICAL TELESCOPE

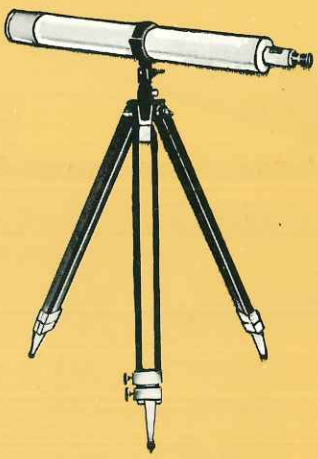
No. 267



40 Power. Good quality astronomical type telescope. Coated achromatic lens 60mm diameter. White enamel finish body with attractive red trim. Length closed 26". Three sectional wood and metal tripod, revolves 360°, tilts 45°.

Complete in cardboard carrying case.

Selsi SPOTTING SCOPES

No. 269

30 x

30 Power PRISMATIC TELESCOPE. Fine quality, precision workmanship for that pin-point accuracy.

60mm coated achromatic objective lens with metal lens cover. All metal construction. Sleek gray lacquered bodies complete with metal table top tripod. Length closed 12".

No. 242

15-60 x

SPOTTING SCOPE

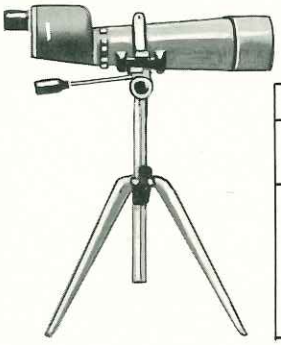
Excellent quality varipower spotting scope with 50mm coated achromatic objective lens. Powers of 15x, 24x, 36x, 60x. Diagonal eyepiece. Complete with table top elevator tripod and furnished in attractive wood box.

15-30x ZOOM

SPOTTING SCOPE

No. 244

Coated 50mm achromatic lens. Adjustable metal tripod with pan head. Just the thing for shooters, bird watchers, etc.



60 x

No. 245

SPECIFICATION			
Power	Field of View at 1000 yards	Diameter of Exit Pupil	Relative Brightness
15X	158 ft.	4.0 m/m	16
20X	125 ft.	3.0 m/m	9
30X	80 ft.	2.0 m/m	4
40X	45 ft.	1.5 m/m	2.25
60X	32 ft.	1.0 m/m	1

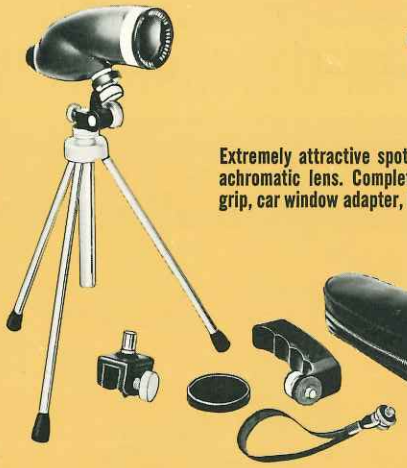
A new 60mm coated achromatic spotting scope, ideal for spotting, sightseeing, etc. Overall length around 13". Supplied with 5 variable eyepieces 15X, 20X, 30X, 40X, 60X. Complete with extension tripod and pan head.

25-50 x ZOOM

SPOTTING SCOPE

No. 265

Coated 60mm achromatic objective lens. Complete with tripod, elevator tube and pan head.



10 x

No. 272

Extremely attractive spotting scope. Dark gray finish. 30mm coated achromatic lens. Complete with tripod adapter, table tripod, pistol grip, car window adapter, leather strap handle and black zipper pouch.

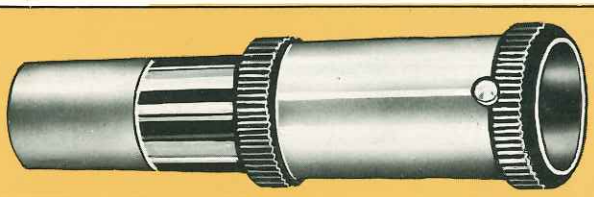
20 x

No. 248 /20 x

Similar to model 272 with the same accessories but 20 power with 40mm coated achromatic objective.

ASTRONOMICAL TELESCOPE ACCESSORIES

ACHROMATIC BARLOW LENS



No. 722

2 x

Doubles the magnification of any eyepiece used by inserting behind the eyepiece. Sharpens definition, improves illumination, and improves field. Specify whether for reflector or refractor type.

3x BARLOW, as above but triples magnification for refractor type only. **3 x**

ERECTING TUBE

1.5x erecting tube gives user an erect image plus ½ extra magnification of any eye piece used.

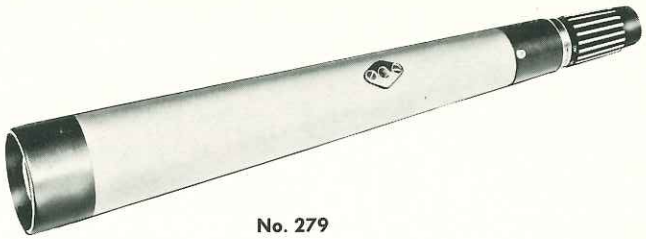
Selsi ZOOM TELESCOPES

10-25x zoom

No. 278

Good quality 30mm coated achromatic objective with power range of 10-25x. Attractive gray finish. Length closed 12". With threaded hole for tripod.

15-40x zoom



No. 279

Good quality 40mm coated achromatic objective with power range of 15-40x. Attractive gray finish. Length closed 14½". With threaded hole for tripod.

No. 250 **6x-20x**

No. 251 **10x-30x**

Here is a telescope that has many uses because of its range of powers, changed by simply drawing the graduated, or end tube, in or out. Coated achromatic objective gives clear, bright image. Chromium plated draw tubes, black grained vulcanite covered bodies, coated optics. Complete in stiff cylindrical case with carrying strap. Comes in the following sizes.

Reference No.	Powers	Diameter Objective Lens	Height Closed
250	6X, 10X, 15X, 20X	26mm	7¾"
251	10X, 15X, 20X, 30X	30mm	6"

No. 253

15x-40x

Here is a telescope that has many uses because of its range of powers, changed by simply drawing the graduated, or end tube, in or out. Coated achromatic objective gives clear, bright image. Chromium plated draw tubes, black grained vulcanite covered bodies, coated optics. Complete in stiff cylindrical case with carrying strap.

Reference No.	Powers	Diameter Objective Lens	Height Closed
253	15X, 20X, 30X, 40X	35mm	8½"

Selsi REFLECTOR TELESCOPES

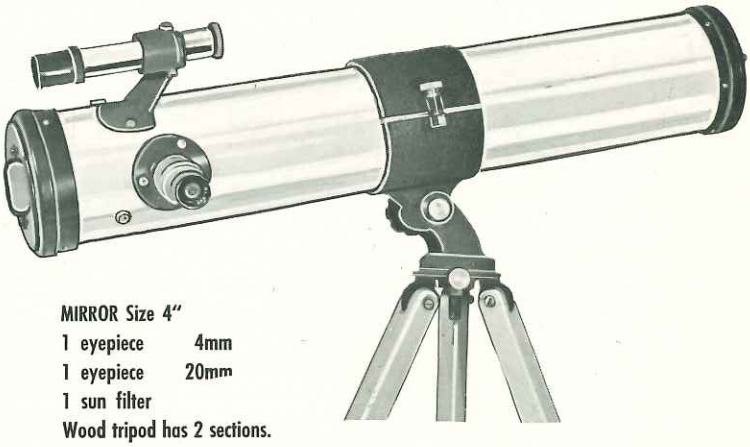
3" MIRROR

No. 246

A good quality all metal construction telescope with an Aluminized Mirror 3" diameter. Two eyepieces 30X and 100X.

Metal table top tripod. Peep sights.

4" MIRROR



MIRROR Size 4"
1 eyepiece 4mm
1 eyepiece 20mm
1 sun filter
Wood tripod has 2 sections.

No. 264

A professionally designed and produced reflector of fine quality and compact in construction having an aluminized and quartz overlaid primary mirror. Secondary mirror is also extremely bright. Highly achromatic system. All metal construction. Body tube white enameled. Finder 5X 24mm. Micro-focussing by means of a knurled mount. Supplied with wood tripod and chain. In cardboard carrying box.

No. 158

ZOOM 7-12 x

A new concept for monoculars and new viewing pleasure too with this superbly constructed instrument with powers that zoom from 7x to 12x. Coated optics achromatic objectives 40mm diameter. Complete with leather case.

No. 160

10 x

MONOCULAR

Palm size and surprisingly powerful, this monocular delivers a full 10X. Coated. Achromatic objective 20mm diameter. A great favorite of birders, target shooters and sports fans. Also good for sub-normal vision use. In zipper pouch.

2½ x MONOCULAR

No. 148

With special attachment to fit over eyeglasses. Adjustable for height and width with short focus adapter for close work. Three close focus lenses, 4.00, 6.00, 10.00 Diopter.

6 x 30

No. 149

SWING OVER FOCUS LENS

Mechanism on bottom swings over in front of objective lens for short focus use. Three short focus lenses 4.00, 6.00 and 10.00 diopter monocular. Supplied in hard leather case.

No. 164

7 x 35

FRONT FOCUSSING MONOCULAR

Specially designed to be used as telephoto lens with receding eyecup exposing thread to fit Series V Adapter. Convenient front end objective focusing body has threaded hole for tripod. Attractive chrome trim. Complete in leather case. Supplied in two attractive sizes. Specify model.

TELEPHOTO ADAPTER

Convert your monocular to a telephoto lens by simply removing plastic eyecup and screwing on adapter which will fit onto a series V adapter or series VI adapter. Specify.

Selsi RESEARCH MICROSCOPE

- **20X—2000X**
- **Eight Paired Eyepieces**
- **Quadruple Revolving Nosepiece**
- **Monocular Tube**

This newly developed medical-bacteriological microscope has 30° inclined binocular tube, interchangeable with extensible straight monocular tube. Eyepiece sleeves adjustable 55-74mm for interpupillary adjustment by rack and pinion. Inclinable stand through 90°. Coarse adjustment by rack and pinion, fine focussing by Meyer type gear, graduated in intervals of 2 microns. Fixed square bakelite stage 130 x 130mm with built in graduated mechanical centering stage. Substage condenser Abbe type NA 1.4 with iris diaphragm and detachable filters. Rotating plane and concave mirrors 50mm diameter. Polished hardwood cabinet with lock and keys. Cedar oil for oil immersion 100X blue filter and stage clips.

Selsi STUDENT MICROSCOPES

300x

No. 275

Powers of 100x, 200x, 300x. Precision built with turret holding 3 objective lenses. All metal construction, black finish. Rack and pinion focussing. Inclines to 90°. Complete in wooden carrying case with 3 slides, instruction book, and 5 piece dissecting kit.

300x

No. 275 N.B.

Powers of 100x, 200x, 300x. Precision built with turret holding 3 objective lenses. All metal construction, black finish. Rack and pinion focussing. Inclines to 90°. Complete in cardboard box with 3 glass slides.

MINIATURE MICROSCOPES

300x

No. 286

Small size microscope with three objective lenses in turret. Rack and pinion focussing. Powers 100x, 200x, 300x. Complete in cardboard box with 3 microscope slides.

150x

No. 288

Not large in size but full 150 power and good clear definition. Has fine features of larger microscopes including rack and pinion focussing. Complete in cardboard box with 3 microscope slides.

Selsi 30X STEREO

30x

No. 299

Fine quality 30 power stereo microscope featuring ground glass viewing stage, swivel adjustable eyepieces, rack and pinion focussing, plus 36 mineral specimens with chart.

Selsi

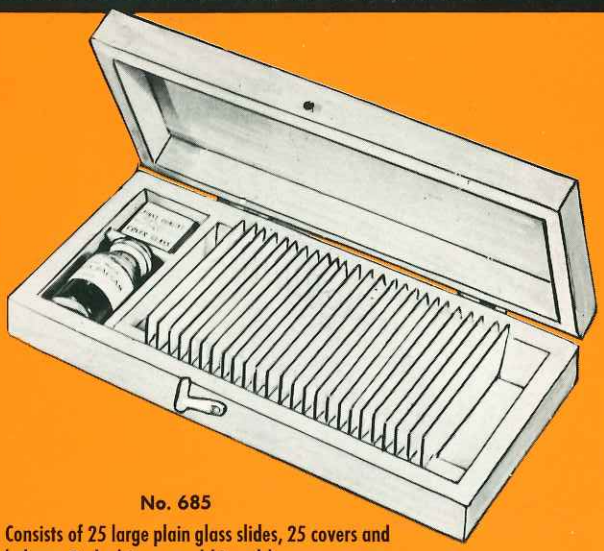
UNPREPARED MICROSCOPE SLIDE KITS

No. 684

Consists of 30 large plain glass slides, 30 covers and balsam. Packed in a cardboard box.

No. 686

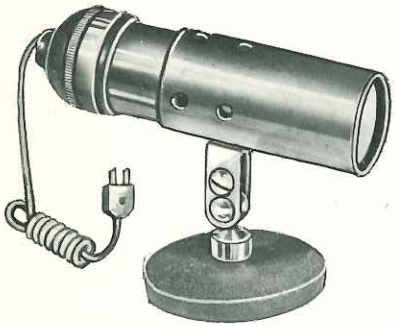
Consists of 12 plain glass, **LARGE** size, 12 covers and balsam. Packed in a cardboard box.



No. 685

Consists of 25 large plain glass slides, 25 covers and balsam. Packed in a wood hinged box.

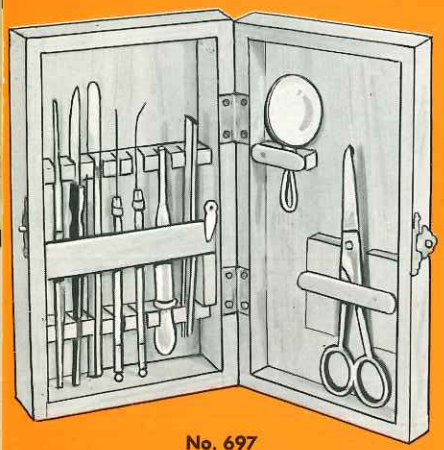
MICROSCOPE LIGHT



No. 698

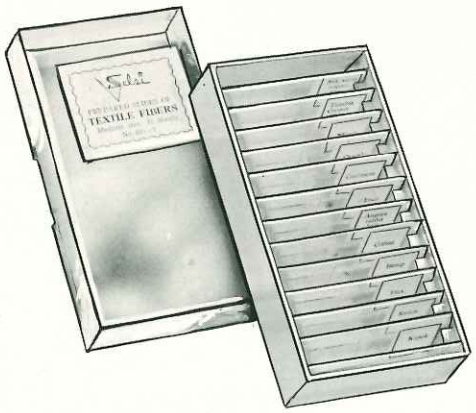
Use with any microscope. Bright even light obtained by focussing condenser lens. Height 4½". Can be swung in any direction. Operates on 110-120 volt AC/DC current. Includes cord, plug and EXTRA BULB.

DISSECTING KIT



No. 697

9 piece Dissecting Set in wooden box consisting of: 5¾" Spatula, 5½" Knife, 4½" Tweezer, 5" Scissors, 30mm Magnifier, Eye dropper, 1 glass rod, straight hook and curved needle.



PREPARED MICROSCOPE SLIDE KITS

No. 691

12 different prepared slides to a plastic box. Size 62 x 20mm. State whether (1) Textile, (2) Plant, (3) Animal, (4) Insects, (5) Mould & Yeast, (6) Pollen Spores, (7) Sea Life.

No. 692

12 different prepared slides to a plastic box. Size 75 x 26mm. Animals or Insects.

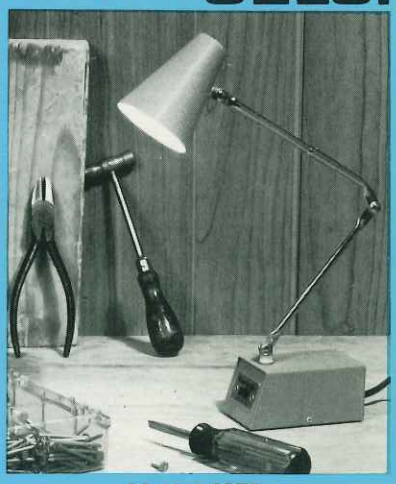
DISTRIBUTED BY SELSI



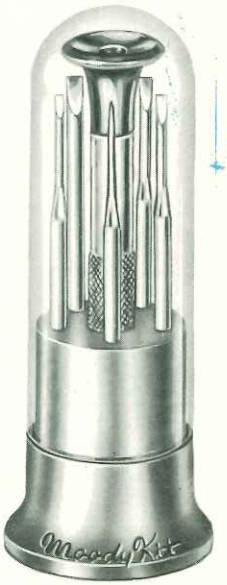
Model 4975

The finest high-intensity lamp in our economy line. Its all-metal construction allows it to stand the most rugged use. Perfect for workshop or children's room. Articulating arm directs pure white light exactly where required. High-low switch gives light equivalent to a 150-watt conventional desk lamp. Bulb (#93T) supplied. Transformer carries a five year guarantee.

Finish: Brass & walnut.

Moody®

Screw Driver & Awl Set



Screw Driver Sizes
.055"
.070"
.080"
.100"
awl

This set contains five interchangeable tools. Four steel screw driver blades and an awl properly heat treated in sizes as shown. Complete with swivel top, knurled steel, chuck-type handle.

Model 6975 RUMFORD™

This is the finest high-intensity lamp available. It is designed specifically to light up a wide area with pure white, glare-free illumination. Deluxe articulating arm will remain in position set indefinitely. All-metal construction. Keyhole slot for wall hanging. High-low switch gives light equivalent to a 200-watt conventional desk lamp. Bulb (#1133) supplied. Lifetime guarantee. Underwriters Laboratories, Inc. listed and C.S.A. approved.

Finishes: Gold & slate, coral & slate, brass & walnut, grey.

Model 7100

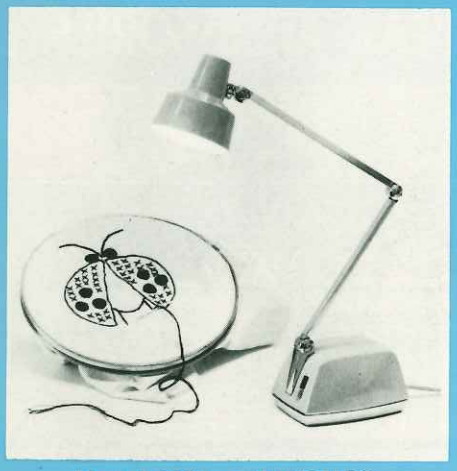
The best seller of all time among high-intensity lamps is now available in the Diax line. Beautifully styled, it has for years been the fashion leader in high-intensity lighting. Light is equivalent to a 100-watt conventional desk lamp. Keyhole slot for wall hanging. Bulb (#93T) supplied. Transformer carries a five year guarantee.

Finishes: White, black, beige.

Model 5975 CLASSIC™

The lamp that created an industry—in its sixth year of production and still a sales leader. Like the Rumford, it gives the brightest, whitest light you'll find indoors. It gives a glare-free concentrated beam that can be directed wherever you wish. All-metal construction. Keyhole slot for wall hanging. High-low switch gives light equivalent to a 200-watt conventional desk lamp. Bulb (#1133) supplied. Lifetime guarantee. Underwriters Laboratories, Inc. listed and C.S.A. approved.

Finishes: Brass & walnut, grey.



Model 8100 LADYBUG®

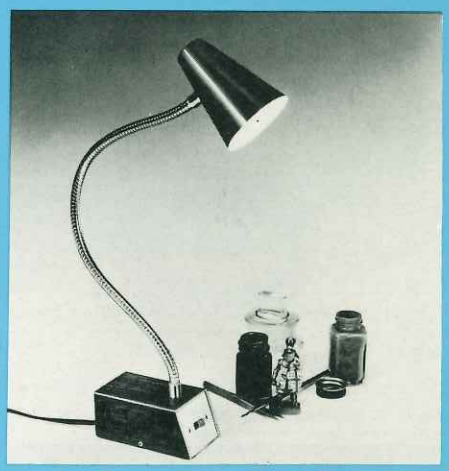
A new precision engineered, decorator styled high-intensity lamp. Graceful plastic housing over heavy tip-proof metal base. Articulating arm will hold any set position indefinitely. Reflector swivels a full 360°. High-low switch gives light equivalent to a 150-watt conventional desk lamp. Bulb (#93T) supplied. One year guarantee. Underwriters Laboratories, Inc. listed.

Finishes: White, black, beige, grey.

Model 6100 CRICKET™

This is the world's best looking high-intensity lamp and it achieves its graceful styling without any sacrifice to function or quality. The telescoping arm permits maximum reach when open and minimum size when closed. Reflector swivels a full 360°. High-low switch gives light equivalent to a 150-watt conventional desk lamp. Comes in individual polystyrene package. Bulb (#93T) supplied. One year guarantee.

Finishes: White, tangerine red, avocado.



Model 7200 STUDENT™

The perfect study lamp. Eliminates eye strain at a time when it is most important. Provides the maximum in reading comfort. Flexible arm can be twisted to virtually any position. All-metal construction. High-low switch gives light equivalent to a 150-watt conventional dask lamp. Bulb (#93T) supplied. Life-time guarantee. Underwriters Laboratories, Inc. listed and C.S.A. approved.

Finish: Brass & walnut.

ACCESSORIES BED CLAMP for use with models 5975 and 6975 only.

REPLACEMENT BULBS for all models. #1133 for models 5975 and 6975; #93T for models 3975, 6100, 7200 and 8100.

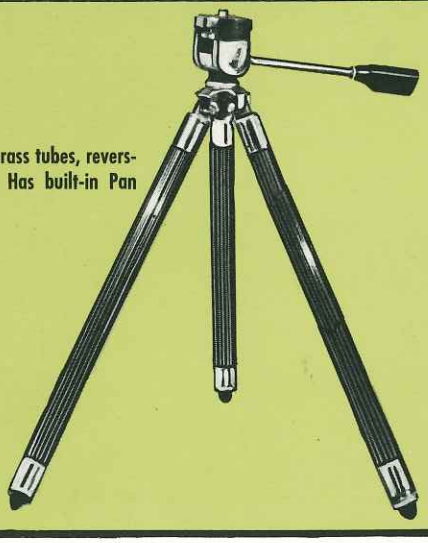
CAMERA TRIPODS



No. 617

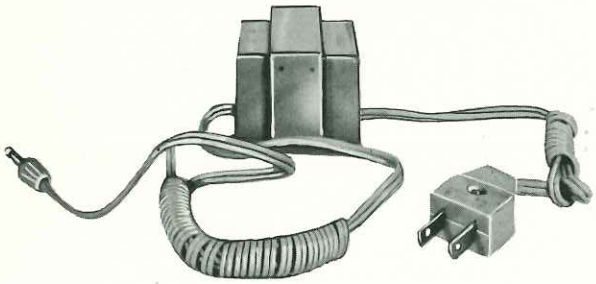
Fine quality camera tripod. 5 section brass tubes, reversible American and European screws. Has built-in Pan Head. Closed 12¾", extended 45½".

No. 618

ELEVATOR TRIPOD

Eine quality eight section tripod with pan head, tilt top and crank for elevator. Complete in zippered leather case.

TRANSFORMER



No. 699

Can be used on any model with jack to convert from battery operation to household current. Simply plug in to microscope and household current.

PRISMS

We are in position to supply equilateral prisms 25mm face and base in lengths from 2-6". Also 30mm bases and face in lengths 2-6", also right angle prisms 29-35mm face in lengths from 1-3".

LENSES

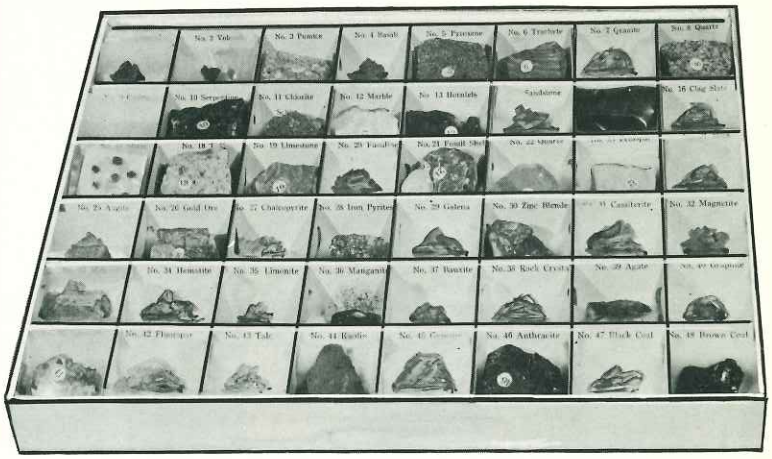
We are in position to supply double convex and double concave lenses 37½mm to 75mm diameter in various focal lengths.

DEMONSTRATION LENSES 580

8" focus containing plano convex, plano concave, double convex, double concave, convex-concave, concave-convex in 37½mm and 50mm diameters.

Write for prices and include specifications.

MINERAL SETS



The collection of minerals is a fascinating pastime for both the student and hobbyist and is presently popularized by the importance of science and geology in our present day lives. These sets are individually boxed and labeled. They come in the following sizes.

No. 655	24 PIECE
No. 656	48 PIECE
No. 657	100 PIECE

BINOCULAR ACCESSORIES

No. 546

Binocular Mounting Clamp. No high power binocular should be without this clamp, in fact this is a desirable accessory for any binocular. Fits all sizes and mounts directly onto any standard camera tripod.

No. 972

Molded Rubber Eye Cups to fit over eyepiece of SELSI Prism Binoculars only. State model of binocular.

No. 970

Binocular Rain Guard. Constructed of leather. Fits all binoculars, covers both eyepieces and anchors to neck strap.
